### **MBJ Welcomes Knutsford Express to Sangster International Airport**

Montego Bay, Jamaica, 9 January 2018 // MBJ Airports wishes to extend a warm welcome to Knutsford Express as Jamaica's leading coach service adds a new station to its island-wide network at Sangster International Airport.

"We are very pleased Knutsford Express has established a station at Sangster International Airport. It makes total sense and offers great value to arriving and departing travelers who now have another mode of transportation available steps from the terminal to get to and from the airport," said MBJ Airports CEO Rafael Echevarne.

The establishment of a Knutsford Express station at Sangster International Airport is well aligned with MBJ Airports' strategy of developing a multimodal operation and strengthening connectivity between Jamaica's leading international gateway in Montego Bay and Norman Manley International Airport in Kingston.

Knutsford Express has operated out of Pier 1 in Montego Bay since the company was founded in 2006 to connect Jamaica's two largest cities with quality, affordable coach service. It has steadily extended its route network along the north and south coasts over the past decade to serve the largest population centers and main tourist destinations of Jamaica.
